SKYAPP Cashless Self-Payment Kiosk

SKYAPP's Self-Payment Kiosk provides businesses with additional ordering touchpoints to help cope with higher traffic during peak hours and helps shorten queue and facilitates paid orders without needing more cashiers. Concept is especially suitable for take-away orders or quick-service-restaurants whereby orders are sent to the kitchen printer and customer holds receipts with queue numbers for order collection.

With SKYAPP self-ordering and self-payment kiosks comes the following features:

- Interactive Self-Ordering Interface intelligently upsells set meals and side order add-ons
- Self-Payment via NETS and Credit Card EFT Terminals
- Ergonomic Design Built to High Reliability
- Add-On Cashbox to accept Cash with Single Notes/Coins Insert and Payout
