SingBizz

ByApp is a premier POS system vendor and cloud integrator in Singapore, specializing in SaaS platforms, particularly for POS systems. We proudly partner with globally recognized solutions in the retail and hospitality sectors.

At ByApp, we recognize the value of integration and have developed a dedicated software team to seamlessly connect the solutions we offer with ERP systems, accounting software, CRM tools, BI analytics, and shopping mall management systems.

HERE ARE THE REASONS WHY BYAPP IS THE BEST CHOICE FOR YOUR EDUCATIONAL AND RETAIL NEEDS

Fast Response Time:
Immediate support for any issues.

Quick Fault Rectification:
Resolve problems within 1-2 hours.

Free Remote Access Support: Always available when you need us.

Free OS / App Upgrades:
Stay updated with the latest features.

YOUR ALL-IN-ONE **F&B** AND **RETAIL** POS SOLUTION

- Smooth out your daily chaos with our easy-peasy interface!
- Elevate customer service through the magic of real-time order tracking.
- Turn up the profit dial with analytics and reporting that play nice together!
- Streamline daily operations with our intuitive interface.
- Enjoy a 12-month warranty on hardware and support services.

AI-Powered Sales Analytics & Dashboard

- 1 Real-time sales monitoring.
- 2 Visual dashboards for easy interpretation of daily and monthly data.
- 3 Exportable reports for deeper analysis.
- 4 Comparison between reports and analytics.

Customer Loyalty & Rewards System

Empower your business with our built-in CRM loyalty program that rewards repeat customers and encourages brand engagement. With customizable reward points, tiered membership levels, and targeted promotions, you can retain customers and boost sales effortlessly.

Services

Flexible reward structures: Points, cashback, discounts, exclusive perks.

Earning rules: Points per dollar spent, bonus on special occasions, referral bonuses.

Tier-Based Customer Segmentation: Classify customers into loyalty tiers (e.g., Silver, Gold, Platinum) based on engagement.

Build lasting relationships and drive repeat business

All-in-One POS

Beyond the Cash Register

From billing and payments to multi-store management and staff scheduling, everything you need is integrated into one platform.

QR Code Ordering With Queue

Boost customer experience with QR Order—scan, order, and pay instantly from any smartphone. Ideal for reducing wait times and streamlining service in cafés, restaurants, and retail counters.

Cloud-Based System with Free Updates & Support

ByApp's cloud platform keeps your data secure, accessible, and always up-to-date—with free remote support, 1-2 hour response times, and automatic updates.

SUITED FOR MULTIPLE INDUSTRIES
